Dear Richard,

I just talked to Bob Mayher and Hal Kimball about their trip to Poland. They indicated that the meetings in Warsaw were well organized, that they met key senior telecommunications staff and that they had an open and cordial exchange with Minister Kucharski, Deputy Minister Tomaszewski, and their staff. This exchange of views will lead in the future to more detailed technical exchanges between NTIA and the new Polish Ministry of Communications.

As a direct result of this preparation, Secretary Mosbacher and Minister Kucharski signed a Telecommunications Joint Communique. NTIA shall begin work immediately on its implementation.

Your personal assistance in organizing the meetings in Warsaw was indispensable in making our contacts a success. I know that you want to see telecommunications improved in Poland as much as I do, and that we both have a "labor of love" ahead in helping to make this happen.

I hope that we can meet in the future in Poland and continue our "lunch time" reminiscences.

Sincerely,

Janice Obuchowski
